

URUTU CARBON FIBER SEAT RELEASE LEVER

MASERATI GRANTURISMO

INSTALLATION INSTRUCTIONS

Required Tools:

- Trim pry tool
- Flat Head Screw Driver (Optional)
- Small Flashlight (Optional)

Installation steps:

1. Remove factory levers pulling outwards, preferably using a trim- pry tool (not included). Some recent models with sport bucket seats appear to have a light glue securing the levers in place, in those cases more force might be required to remove the levers.

2. Slide the CF lever into place by pushing firmly inwards until flush with the seat trim

3. END
